Decision Criteria

The following will be considered when reviewing applications (*Note: not all criteria are applicable to each grant category*):

- Overall ROI for the destination and to hotel properties
- Demonstration of strong revenue sources in addition to this grant
- Events that occur during the low/off-peak travel season
- The opportunity to foster NEW demand generating events and services from concept to actualization with the potential to establish a recurring marquee status for the destination
- Projected incremental hotel room nights
- Applicants who can quantify past successes
- Past compliance and success history
- Premier events that elicit prestige and enhance the reputation of Carlsbad as a premier destination
- Events that align with Carlsbad’s key experience pillars: wellness, beach, golf, arts/entertainment, outdoors, culinary, sustainability
- Events that generate national/international media coverage:
 - Media Coverage of the event:

- Network TV
- Cable Network
- Radio Broadcast
- Live Streaming
- Media promoting the event:
 - Network TV
 - Cable Network
 - Radio Broadcast
 - Print
 - Digital Channels
 - Social Platforms

In general, competitive applications will have clearly articulated projected room demand resulting from the proposed event. The specific benefit must be projected in the incremental delivery of hotel room night sales to assessed hotels. Incremental is defined as paid room nights in excess of what would be consumed without the proposed event. Successful applications will clearly describe the strategy and tactics for delivering incremental room night sales, as well as the estimated resulting number of room night sales and resulting gross room revenue.

Grant applications will be reviewed quarterly, with the deadline to apply three weeks prior to the Regular Board Meeting each quarter.

If a board meeting is cancelled or rescheduled, notice will be given to all active grant applicants and final consideration will be at the subsequent regular or special board meeting.
